

## **Dallas Gas Drilling Task Force Forming**

May 9, 2011

The City of Dallas is seeking individuals to serve on the Dallas Gas Drilling Task Force, which will propose revisions to the City's gas drilling ordinance. Three of the nine positions on the task force are reserved for citizens or representatives of environmental groups. This is an important opportunity for the residents of Dallas to provide their views on the future of gas drilling in the city. DHL encourages interested residents to apply. Task force applicants must be willing to meet on at least eight Tuesday afternoons from 2:00 to 4:00 from July through October. Two meetings will include public hearings that may be in the evening hours.
