

2012 Capital Bond Program Public Meetings

June 11, 2012

The meetings will be held June 11th through June 28th at various venues around the city. More information on the 2012 Bond Program can be found [here](#). This is an opportunity for Dallas residents and neighborhoods to make their priorities known to the City Council and help ensure the bond money is spent in a manner that best benefits the city. Each council district will have a meeting, but the public is invited to attend whichever meeting is most convenient.
