

DHL Presents Conservation District Forum

April 23, 2014

DHL is joining Councilmen Philip Kingston and Scott Griggs in hosting a public meeting to discuss the proposed changes to the Dallas Conservation District Ordinance. DHL has been watching closely as the proposed changes worked their way up to the City Plan Commission, and announced over a month ago that we did not support the current revisions. DHL strongly believes that the ordinance needs to be returned to the Zoning Ordinance Committee for a review that includes more input from neighborhoods. The purpose of this meeting is to allow neighborhoods to review and discuss the changes, as well as the original ordinance, in order to compile a list of desired changes from residents.

MEETING INFORMATION:

Date: April 30, 2014

Place: City Hall (room TBA)

Time: 7:00 p.m.

All members of the public, city staff, and elected officials are welcome to attend.
